SELF REFLECTION:

A great HUMAN, Horatiu, said, "We run happily ever after, whether on the sea or on land, but happiness is here almost. "

We've been trying to get as many people as possible to realize that happiness is beside them, it's near their neighbor, that's to be touched ...

And I said to them,

***- Touch it! Happiness is the children ... And we are all happy with the children ...
And they are happy when they feel we love them ...***

Then we asked:

Can we make everyone feel that happiness is children?

Hope never dies ...

So continue!

***Make your time listening to all, of all you learn, Make time
to give life the real price! (Rudyard Kipling)***
